

Traveling disAbility History

Celebrating 27 Years of the Americans with Disabilities Act

In celebration of the 27th anniversary of the Americans with Disabilities Act, the Maryland Department of Disabilities will host a traveling disAbility History Tour throughout Maryland during July and August of 2017.

Advocacy: A History of People Speaking Up for Themselves will be on loan from the Museum of disAbility History. This five panel display traces the advocacy movement from early educational facilities to the development of organizations established for and by individuals with disabilities. In addition to the loaned panels, the department will add a sixth display designed by a local group outlining disability history in Maryland.

Viewing the displays is free and open to the public. Make sure you contact the facility directly to verify the hours they are open. The phone numbers and website links are provided below. Text description, ASL interpretation, and an audio reading of the displays will be available at www.mdod.maryland.gov after July 24th. Braille copies of the display text will be available at each location.

Questions or accommodation requests can be directed to Carrie McGraw at 410.767.3660 or carrie.mcgraw@marylandgov.
