“ We had been looking for an accessible van for over two years but weren't able to afford any we saw.

That's when I discovered MDTAP. I inquired about a few vehicles posted on the MATR site but unfortunately none were within our budget. Then Ms. Schuler contacted us to inform us that an individual was actually donating a van and the rest is history.

MDTAP has changed my son's life and our life beyond words, it is nothing beyond miraculous to us. ”
